DETAILED ACTION

Continued Examination Under 37 CFR 1.114

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on July 5, 2006 has been entered.

Claim Rejections - 35 USC § 102

2. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 17, 18, 22, 23, 27-29 and 32-34 are rejected under Ju et al. (J Dairy Sci. 78:2119-2128 (1995)) for the reasons of record.

Claim Rejections - 35 USC § 103

3. The following is a quotation of 35 U.S.C. 103(a) which forms the basis for all obviousness rejections set forth in this Office action:

(a) A patent may not be obtained though the invention is not identically disclosed or described as set forth in section 102 of this title, if the differences between the subject matter sought to be patented and the prior art are such that the subject matter as a whole would have been obvious at the time the invention was made to a person having ordinary skill in the art to which said subject matter pertains. Patentability shall not be negated by the manner in which the invention was made.

Art Unit: 1651

Claims 17, 18, 22-29 and 32-34 are rejected under 35 U.S.C. 103(a) as being unpatentable over Schlothauer et al (WO 99/65326) in view of Ju et al (J. Dairy Sci. 78:2119-2128 (1995)) for the reasons of record.

Applicants' arguments have been considered but are based upon the evidence presented in a declaration under 37 CFR 1.132; however, no such declaration is present in the file. The paper filed on July 5, 2006 indicates the intended presence of the declaration. In the event that this error was made by the PTO, the appropriate individuals have been contacted to determine if the declaration is present in received papers so that it may be scanned and placed in the file. In the alternative, if the omission of the inclusion of the declaration was effected by Applicants, Applicants are directed to submit a copy of the declaration so that the evidence contained therein may be considered in view of the arguments presented in the response filed July 5, 2006.
